# 7.30

The Celebration in March is different! As part of a weekend of opening celebrations, we are going to be gathering at the new building at New Yatt Road, Witney.

The building, completed in September 2010, is another faith venture for our group of churches across the county. It's a facility for growth for the church in North Witney, for the communities that will be reached and for The King's School. Our faith is for a new day of expansion and growth of God's kingdom in West Oxfordshire!

So, choose your celebration – morning or evening – and let's gather together to thank God for his provision, celebrate his goodness and seek his face for the new days ahead.

***Steve Thomas will be speaking the same message on the theme of newness at both celebrations.***
